Müllheim, 27.06.2019

Dear friends of Mail Art,

today I have finished my contributions for the exhibition in August. I am going to send my 2 small works by post in the next days and I hope it will arrive well.
Thanks a lot to all organizers of the event in Portugal and I wish you a big success showing all works from all over the world in your Museum Quinta da Cruz!

Greetings and kind regards

from the Black Forest in Germany

Wolfgang Faller

Here are some informations about my 2 works:

- Nr.1 Young Dionysos, 2019, mixed media, 12,5x18 cm
- Nr.2 Kultur/Cultura, 2019, mixed media, 12x21 cm

Bio: Wolfgang Faller* 1952 in Villingen/Germany – From 1974-1980 Accademia di Belle Arti di Brera, Milano and Ecole Supérieure d'Expression Plastique de Lille (french scholarship). Since 1974 more than 300 exhibitions in Europe, USA, Canada and South Korea.

The title „Food, Wine-Culture“ is very inspiring for artists, because generally artists are good cooks and they know many things about good wines. But first of all we need good food in our life before culture enters in our mind. In this way my works are a homage to Dionysos and eternity.
